We are happy to announce, that, as in previous years, we will present our amazing distribution at the Chemnitz Linux Days 2018 (Chemnitzer Linux Tage, CLT) on the 10th and 11th of March. This is one of the biggest OpenSource exhibitions in Germany. This year also a very special year, as it's the 20th anniversary. We are happy to celebrate this anniversary together, as we have been part of Chemnitzer Linux Days many times before.

This year's Wine developers conference is happening a bit earlier in the year than usual. The date and venue were recently announced for WineConf 2018, which is also celebrating the Wine Project's 25th anniversary.
