- [mintCast 311 ? SSH](#) [2]
- [Test and Code: 78: I don't write tests because ...](#) [3]
- [Flipping FreeNAS for Fedora | LINUX Unplugged 306](#) [4]

We attempt something you never should, we live flip our FreeNAS ZFS install to a Fedora server.

Plus a REALLY weird PC, and our command line picks.

Special Guests: Alan Pope, Brent Gervais, Martin Wimpress, and Neal Gomba.
