Submitted by Roy Schestowitz on Saturday 13th of July 2019 02:43:56 AM Filed under [GNOME](#) [1]

In April we visited FOSS North in Gothenburg, Sweden and Linux Fest Northwest in Bellingham, Washington, USA. Our table at FOSS North was staffed by Kristi and Neil, and volunteers Bastian, Anisa and Stefano. GNOMEie Zeeshan Ali presented on open source geolocation. Molly and Sri were at LFNW, where Molly spoke about following through on a code of conduct. Kristi participated remotely in FLISOL. There were two hackfests in May, Rust+GNOME 2019 Hackfest#5 in Berlin and Gstreamer Spring Hackfest 2019 in Oslo. We'll be in Portland, OR, USA in July for OSCON. After OSCON we'll be hosting a West Coast Hackfest, July 18th ? 21st.
