GhostBSD 19.09 Now Available

By *Roy Schestowitz*

Created *16/09/2019 - 4:59pm*

Submitted by Roy Schestowitz on Monday 16th of September 2019 04:59:46 PM Filed under [BSD](#) [1]

GhostBSD 19.09 has some considerable changes happened, like moving the system to STABLE instead of CURRENT for ABI stability with the integration of the latest system update developed by TrueOS. This also means that current users will need to reinstall GhostBSD unless they were running on the development version of GhostBSD 19.09. GhostBSD 19.09 marks the last major changes the breaks updates for software and system upgrade.
