Ubuntu 19.10 'Eoan Ermine' is released with latest features, iconic changes. Read on.

Ubuntu - the most popular and widely used Linux Operating system for desktop and servers, announced the release of fresh Ubuntu 19.10 'Eoan Ermine'. This is a non-LTS release which means it is feature rich and supported till July 2020. Targeted for early adopters - Ubuntu 19.10 'Eoan Ermine' brings some important changes. These changes are the foundation for the next LTS release.
