Qt Creator 4.12 released

By *Rianne Schestowitz*

Created 23/04/2020 - 11:09am

Submitted by Rianne Schestowitz on Thursday 23rd of April 2020 11:09:50 AM Filed under [KDE](#) [1]

We are happy to announce the release of Qt Creator 4.12!

Qt Creator 4.12 allows you to browse and search for items in the Qt Marketplace. Check the new page "Marketplace" in the Welcome screen. So far it provides a browser similar to the examples and tutorials page, with a search input field and support for tags. Choosing an item from the list opens the corresponding marketplace page in your system browser.
