- [Today is the day! ? NitruX 1.2.8 is available to download](#) [4]

We are pleased to announce the launch of NitruX 1.2.8. This new version brings together the latest software updates, bug fixes, performance improvements, and ready-to-use hardware support.

NitruX 1.2.8 is available for immediate download.

- [Maui Weekly Report 4](#) [5]

Today, we bring you a new report on the Maui Project progress.

Are you a developer and want to start developing cross-platform and convergent apps, targeting, among other things, the upcoming Linux Mobile devices? Then join us on Telegram: <https://t.me/mauiproject>.

If you are interested in testing this project and helping out with translations or documentation, you are also more than welcome.
