Ubuntu Studio is one of the popular Ubuntu derivatives. Ubuntu Studio 20.04 LTS is the latest version which is based on Ubuntu 20.04 LTS. This release is a Long-Term Support release and it is supported for 3 years (until April 2023).

Yes, you heard it right as Ubuntu Studio is switching to KDE Plasma desktop from upcoming releases. You will see KDE Plasma desktop environment as a default desktop environment from Ubuntu Studio 20.10.
