- [Oliver Propst: GUADEC 2021 ? What you need to know ? And please don?t forget to register](#) [3]

GUADEC 2021 is less than a week away! Please make sure to register online for the conference if you have not done so yet.

GUADEC is the GNOME community?s main conference. This year?s event takes place remotely between July 21-25 and features talks from many community members and contributors covering a range of subjects.

KDE Tips and Tricks for System Tray, Screenshots and More!

- [Kdenlive 21.04.3 Windows release](#) [5]

Better late than never, Kdenlive 21.04.3 for Windows is out. There is also a hotfix for the AppImage version fixing missing Lumas.
