- [Bad Documentation Doesn't Make Software Advanced! - Invidious](#) [3]

Documentation is incredibly important but somehow we've got to a point where some people think that having good documentation is a bad thing or that it somehow makes the software for advanced users, I completely disagree and think if it's for advanced users the documentation is even more important.

- [LHS Episode #430: Bag of Hammers](#) [4]

Welcome to the 430th episode of Linux in the Ham Shack. In this action-packed episode, the hosts discuss topics including the JARL Hamfest, AMSAT events going virtual, JOTA and JOTI, vulnerabilities in OpenSSL, updates to the Linux kernel, Pat, Winlink, HAMRS and much more. Thank you for listening and have a great week.

- [Late Night Linux ? Episode 143](#) [5]

What we'd do if we were in charge of the Linux desktop, first impressions of an unusual but frustrating distro, and your feedback about Mastodon and Bodhi Linux.
