"A lawsuit filed on behalf of Limp Bizkit lead singer Fred Durst alleges that the same people who hacked Paris Hilton's cell phone were able pull a homemade sex video off Durst's computer."

"Durst's sex clips started gaining attention shortly after the e-mails, photos and contacts from Paris Hilton's Sidekick appeared on the net. He is looking to have the video and still photos made from it removed from the web. More information is available [here](#) [2].
