Submitted by srlinuxx on Sunday 13th of March 2005 07:42:30 PM Filed under [Hardware](#) [1] [Humor](#) [2]

lol Piotke's review of Cebit is a little different than most all the others', in that his is a visual tour consisting solely of pictures. Not the same boring ole hardware for Piotke, no. He had a better time than most I would say!

Piotke, our local hero, discovers the joys of Cebit 2005, who ever said it was just about hardware?
