Xfce 4.4.3 released

By *srlinuxx*

Created *30/10/2008 - 2:15pm*

Submitted by srlinuxx on Thursday 30th of October 2008 02:15:15 PM Filed under [Software](#) [1]

Just because we're gearing up to release 4.6.0, it doesn't mean we've forgotten the 4.4 branch. A bunch of bug fixes had accumulated since 4.4.2, so we have a new release for you.

As usual, the stable branch only contains bug fixes, and no new features. The list of changes from 4.4.2 is not yet available, but should hopefully be posted before too long.
