Almost everyone likes to tell their chosen Linux distribution. It's like your favorite football team or music group. It's a matter of pride. Please let tuxmachines visitors and Linux Format readers know your favorite distribution by voting in our latest poll.

Polls usually need about 1000 votes to be considered even roughly valid, so I need about 250 more votes at this point. If you haven't voted yet, please consider voting now!

Thanks!
