A way through SourceForge

By *STS301*

Created *12/07/2009 - 12:47pm*

Submitted by STS301 on Sunday 12th of July 2009 12:47:12 PM Filed under [Howtos](#) [1]

I made a simple (should be) tutorial from creating of the project until releasing on SourceForge.net.

For sure, SourceForge provides many more features, but that would use more time to write and read 😊.

Try yourself and/or give me a report how to make it much more easier than I did.
