Slackware, the longest standing Linux distribution has plenty of loyal followers even up to this day. So I'm not surprised to see a lot of user-created artworks like desktop wallpapers that are dedicated to this tenacious distro. And there's no doubt that some of the coolest distro wallpapers that are currently available are related to Slackware.

To somehow give a little tribute to a distro that has become a foundation to several popular Linux distributions, I have collected a handful of awesome, high quality Slackware wallpapers that I hope many of you will like. So without further ado, in no particular order, here they are:
