Opera 10 was downloaded 10 million times in the first week of its release, breaking the company's download record for the popular browser.

The latest browser from Opera has been well received, bringing with it the Opera Turbo technology to make websites load faster when the connection is not great.

10 million downloads in the first week may not be in the league of Mozilla's Firefox browser, which has a huge market share, but CEO Jon von Tetzchner is delighted with the growth.
