If you have enjoyed our collection of top 50 Linux quotes of all time, I'm sure you would love these funny computer-related quotes that I have put together.

50. "Some things Man was never meant to know. For everything else, there's Google."

49. "Failure is not an option -- it comes bundled with Windows."

48. "Computer games don't affect kids; I mean if Pac-Man affected us as kids, we'd all be running around in darkened rooms, munching magic pills and listening to repetitive electronic music."

47. "COBOL programmers understand why women hate periods."

46. "Artificial Intelligence usually beats natural stupidity."

45. "To err is human... to really foul up requires the root password."
