# Make your own linux operating system with archlinux

By *linkin47*

Created *02/07/2010 - 2:02pm*

Submitted by linkin47 on Friday 2nd of July 2010 02:02:56 PM Filed under [Linux](#) [1]

Arch Linux is a highly customizable Linux Distro which is easy to setup and use . Arch Linux is mainly meant for persons with the mentality ? Do it ourselves ? . I was also one of them who tried to install Arch Linux in my computer and atlast succeeded in installing this highly customized Linux distribution .
