Submitted by srlinuxx on Thursday 10th of February 2011 02:02:07 AM Filed under [Web](#) [1]

Today we are proud to unveil a brand new look, which will lay a clean, simple foundation for the rebirth of the entire SourceForge.net site.

We had several goals for this site redesign:

- * Unified site with less visual clutter makes it easier for you to find what you need.
- * Cleaner project summary pages allows end users to focus on what's important.
- * Simplified color palette makes for a cleaner user experience.
