75% Happy Halloween Discount!

Stores selling Amnesia will offer discounts during the Halloween weekend. Some as much as 80% off, a rumor has it you'll even be able to get a three day rent for free!

So that brings the price down to £3.30, a cracking price for a great native linux game! You will also get an additional 40% off if you buy the Penumbra collection costing an additional £1.98, so thats £5.28 for 4 really scary linux games.
