Submitted by srlinuxx on Tuesday 17th of July 2012 05:17:04 AM Filed under [Slack](#) [1]

Slackware Linux 1.0 was first released 19 years ago in form of 24 floppy disks by Patrick Volkerding while he was still a student in Minnesota State University Moorhead.

It's now considered as one of the oldest Linux distribution currently being maintained. Patrick is the BDFL for Slackware Linux throughout the entire project, even though more and more people joined the Slackware Team and contribute to this project.
