He may have stepped back from the CEO role at Canonical, but Mark Shuttleworth is still very much the public face of Ubuntu.

He suffered a setback earlier this year when the crowdfunded Ubuntu Edge project ? in which he invested a lot of personal capital, if not actual money ? failed to get anywhere near its ambitious investment target. However, he tells us the project wasn't a total failure, and may even be aped by the best-known smartphone maker of them all.
