OpenSaaS and the future of government IT innovation

By *Rianne Schestowitz*

Created 09/01/2014 - 8:07pm

Submitted by Rianne Schestowitz on Thursday 9th of January 2014 08:07:53 PM Filed under [OSS](#) [1]

For government agencies in particular, OpenSaaS presents a profound opportunity to both save tax dollars and increase agility, all while affording government buyers more freedom and control over key technologies that are driving government innovation today.
