Red Hat Increases its Focus on OpenStack Partnerships

By *Rianne Schestowitz*

Created 19/02/2014 - 6:29pm

Submitted by Rianne Schestowitz on Wednesday 19th of February 2014 06:29:59 PM Filed under [Red Hat](#) [1]

Red Hat originally made a name for itself as the only U.S.-based public company exclusively focused on open source, as it has proved that its Linux-focused strategy could be very profitable. But the company's future is increasingly being tied to cloud computing and OpenStack in particular. This week, Red Hat marks two years of collaborating with contributors and developers on key OpenStack.org projects "to bring OpenStack from a project to a product."
