If you use Ubuntu 12.04, use the second (☺) PPA below. For Ubuntu 14.04, you can use any of the two PPAs below.

[???

Tsvetko's stable Cinnamon PPA provides the latest Cinnamon for Ubuntu 14.04 (2.2.13) and Cinnamon 2.0.14 for Ubuntu 12.04 (that's because newer Cinnamon versions don't work in Ubuntu 12.04) as well as all the required packages like Nemo, cinnamon-screensaver, etc.
