Submitted by Roy Schestowitz on Sunday 13th of July 2014 11:06:53 PM Filed under [Site News](#) [1]

TODAY was the last day of the log rotation. The uncached requests to Apache (bypassing Varnish proxy) exceeded the record by a huge gap (around 20%) and nearly reached 300 megabytes.

It is reassuring and gratifying to know that our readers base is expanding each week and we welcome submissions (news, blogs, etc.), which can be automatically pushed to the front page by any subscriber. [?](#)
