## 4 open source tools I used to write a Linux book

By *Roy Schestowitz*

Created *06/07/2016 - 8:10am*

Submitted by Roy Schestowitz on Wednesday 6th of July 2016 08:10:57 AM Filed under [GNU](#) [1] [Linux](#) [2]

I spent the past year or so writing *Learn Linux in a Month of Lunches*, which is designed to introduce desktop Linux to non-technical users. This is a rundown of the tools I used to create the book, with the HUGE caveat that tools are just that?tools. They don't actually do any work or planning for you. However, the right tools make the work much easier. These are the tools that were right for me.
